

ANYDAY

C F C  
What a glorious, wonderful thing  
G  
That we can lift up our voices and sing  
C F C  
It's a song of redemption and love  
F C  
A song we'll be singin'  
G C  
To the Lord up above

C	F	C
Any day, any day, any wonderful day		
C		G
I could be standin' here, then taken away		
C	F	C
Any day, any day, any one of these days		
C	G	F C F
He's comin' back for me		

There are signs in the heavens  
He's shakin' the ground  
These are just warnings that the Lord's comin' down  
He said to get ready, to watch and to pray  
They said, "When?"  
He said, "God only knows, but it might be today!"

D G D  
So let's all get busy with servin' the Lord  
D A  
Let the heathen be saved and backsliders restored  
D G D  
Let's live in the Spirit and walk in the Light  
G D A D  
'Cause He's comin' again like a thief in the night

D	G	D
Any day, any day, any wonderful day
