You whisper to me, I sing you a song
Em7 D/F# G Asus
As you play the music, I'm carried along

I am in awe, I am in love
Breathing You in, I can't get enough
Over and over You're touching my heart
As I'm captivated by all that You are

Can the world move on and this moment last

Can we stay right here, stay right here

Here in Your arms I am at rest
My silence conveys what my words can't express
I am amazed at the wonder of You
To soak in Your presence is all I can do
