

HERE FOR YOU

(VERSE)

You are the air I breathe
You are the song I sing
You are the light I need
To help me find my way
Your ways are beautiful
Your love's forevermore
Lord, now I promise You
I will never turn away

(CHORUS)

'Cause You were there for me
Now I'm here for You
In all my life I've never felt this way
You were there for me
Now I'm here for you
With my hands held high
I'll give you all my praise
Always
