

I've Come to Worship

A. Carlos Ortiz

VERSE 1

You said that I shall come
Into the presence of the Holy One
You said that Your holy fire
Would consume me with a Godly desire
You said to worship You alone
In the glory of Your very throne
I've come to worship

You said my eyes shall see
The glory of Your grace and majesty
That out of my belly shall go
Rivers of living waters in an overflow
You said come worship and bow down
If ever was a time, Lord, it is now
I've come to worship

CHORUS

Here before Your throne I worship You

Here before Your throne I praise You

You and You alone I give everything

Ø Lord, I've come to worship You alone

VERSE 2

You said that in a holy praise
You'd inhabit and fill my heart in every way
You said you would draw near to me
When I would draw near and closer unto Thee
You said that your kingdom will never cease
You'd fill my life with eternal peace
I've come to worship

You said that in You I am free
That I would walk in freedom and in victory
You said to stand in Your courts unashamed
And give the praises due Your name
You said to glorify, hands lifted high
True worship lives on and never dies
I've come to worship

BRIDGE

Ø God I stand amazed, In wonder as I start to praise
You're worthy of all I have to give, I cry: HALLELUJAH
