

More like you

You humbled yourself:
Creator turned servant.
Obedience and love:
Showing the right way to live.
Let us be more like you.
Let us be more like you.

You spoke only truth,
Not comfortable words.
You shine as a light
Showing the right way to go.
Let us be more like you.
Let us be more like you.

Lord, we are your church,
Called to be servants.
Lord, teach us to love.
Show us the right way to go.
Let us be more like you.
Let us be more like you.
