

N YOUR HEART

Deep inside my heart are scars and broken dreams
Deep inside my heart it's more painful than it seems
But deep inside my heart you breathe new life in me
You show me your heart, and what beauty I see

In your heart I find forgiveness
In your heart I find rich love
In your heart I find your joy and peace
You are all I'll ever need
in my heart

Deep inside my heart are the wounds of life
Deep inside my heart are memories of strife
But deep inside my heart you erase my sinful past
You show me your heart and it's Jesus I see
