

Living Water
Chris Nesbitt

Pour your living water out
Yours can end our spirit's drought
Like an everlasting fountain
Like an overflowing river
Like a never-ending ocean

How great a flood of saving love
For every thirsty son and daughter
Spirit fall and soak us all
Come flood our souls with living water

Call your people to the spring
Fall in power as we drink
Like an everlasting fountain
Like an overflowing river
Like a never-ending ocean

(CHORUS)

We're singing in the wilderness
Spring up, oh well, the living well
Until it's flowing out of us
Spring up, oh well
(repeat)

(CHORUS)
