

# God Bless America

## National Day Of Prayer Song

### ***Vs 1***

A short time ago we lived in a land  
Where God was upheld as were His commands  
But as we slept sound in His loving care  
Cradles rocked shaking our rights to revere

### ***Vs 2***

Yet we hold these truths to be self evident  
That life liberty and pursued happiness  
Are Creator endowed inalienable rights  
So let's take a stand say a prayer and unite

### ***Chorus***

God Bless America  
Let every voice rise up and sing  
One nation under God  
Indivisible by God's blessing  
From the peaceful prairies to New York's big apple  
L A to Maine, Miami to Seattle  
In God we trust to watch over us  
God Bless America, bless Amer-ri-ca

### ***Vs 3***

Now it's time to wake up stand tall and speak  
Waves of revival reflect our beliefs  
Ten golden rules will guide our liberty  
Let's say a prayer for the land of the free

### ***Bridge***

Once again we pray  
God Bless America  
Send revival to our land  
Keep us in Your mighty hand

### ***Repeat Chorus / Tag***

In God we trust to watch over us  
God Bless Amer-ri-ca
